PROJECT

Gym Fitness Website

Technologies: React.js, JavaScript, CSS

- Developed a responsive fitness website providing workout plans, pricing, and trainer details.
- Designed a clean, user-friendly interface to enhance the user experience and navigation.
- Implemented multiple sections, including membership plans, services, and contact features.
- Optimised the website for mobile devices, ensuring cross-device compatibility.

Personal Portfolio Website

Technologies: HTML, CSS, JavaScript

- Built a responsive portfolio website to showcase personal projects and technical skills.
- Optimised layouts using media queries for better performance on different devices.
- Integrated interactive UI elements to improve user engagement.
- Deployed the project for public access.
