Frontend: React.js, HTML5, CSS3, Bootstrap
Backend: Node.js, Express.js, REST APIs, JWT Authentication
Database: MongoDB, MySQL
Tools: Git, GitHub, VS Code, Postman, Vercel, Netlify
Concepts: MVC, CRUD, OOP, API Integration, Responsive Design, DSA

PROJECTS

Course sellingPlatform

- Developed a complete Learning Management System using React.js, Node.js, Express.js and MongoDB.
- Built Admin, Teacher and Student dashboards with role-based authentication and authorization.
- Implemented JWT Authentication, secure login, protected routes and RESTful APIs.
- Integrated course management, video lectures, PDF notes, homework upload, progress tracking and course purchase
- workflow. Designed a responsive UI and followed MVC architecture with deployment-ready structure.

Developer Portfolio

- Built a responsive portfolio with secure admin dashboard.
- Managed projects, blogs, skills, achievements and certifications
- dynamically. Optimized SEO, image loading and performance for better
- user experience. Deployed using Vercel with GitHub version control.

Gym Fitness Website

- Created a responsive React.js fitness website with reusable components.
- Implemented trainer profiles, membership plans and workout schedule
- sections. Optimized layouts for mobile, tablet and desktop devices.

Food Delivery Website

- Developed an interactive food ordering website using HTML, CSS and JavaScript.
- Designed responsive UI with menu categories and optimized front-end performance.
- Improved user experience through clean interface and responsive design.

EDUCATION

Bachelor of Computer Applications (2023–2026), Global Group of Institutes, Amritsar | CGPA: 8.0/10

CERTIFICATIONS & ACHIEVEMENTS

- Full Stack Web Development - Apna College
- Built multiple responsive MERN stack applications.
- Technical Content Creator on LinkedIn and YouTube.
- Strong interest in Data Structures & Algorithms (DSA).

SOFT SKILLS

Problem Solving • Communication • Team Collaboration • Adaptability • Quick Learner • Time Management
